This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. His Excellency, W. W. KITCHIN,

Governor of North Carolina,

Raleigh, N. C.

SIR:—We have the honor to submit herewith report of the State Tax Commission for the year ending October 31, 1911.

Respectfully submitted,

FRANKLIN MCNEILL, *Chairman;*

W. T. LEE,

EDWARD L. TRAVIS,

Commissioners.

COMPLAINTS AND DECISIONS

IN RE ASSESSMENT OF PROPERTY IN DARE COUNTY.

Upon suggestion of irregularities in the proceedings of the Board of Equalization of Dare County and after due notice to the members of the County Board of Equalization and to the assistant assessors for each township and to the individuals affected by the irregularities above named, investigation was made into the assessment of property in said county on the 16th day of August, 1911.

N. E. Gould, Chairman, and Messrs. J. B. Cox and G. M. O'Neal, members of the Board of County Commissioners, and B. G. Crisp, County Assessor, were present, and Geo. C. Daniels, Assistant Assessor for Nags Head Township, was preent.

D. M. Stringfield, Esq., attorney, was present and stated that he represented the Board of County Commissioners, County Board of Equalization, East Lake Lumber Company, Dare Lumber Company, and John E. Rayburn.

W. J. Kraemer, logging superintendent of the Dare Lumber Company, and process agent for the East Lake Lumber Company, was present.

W. H. Basknight, agent and representative of John E. Rayburn, was present.

The tax lists were examined and the evidence of such witnesses as were offered was heard and typewritten copies of same were made and are on file in this office.

The irregularities suggested were:

1. That the County Board of Equalization changed the assessments made by the joint action of the county assessor and assistant assessors and adopted in lieu thereof the assessments suggested by the taxpayer made to the assistant assessors as to the value of his property without evidence or inquiry as to the actual value of the property.

2. That the County Board of Equalization did not assess the East Lake Lumber Company and Dare Lumber Company upon proper principle or at their true value in money.

3. That the property of John E. Rayburn was assessed higher than it should be.

The investigation made by the Tax Commission and the evidence offered established the following facts:

The assessments made by the joint action of the county assessor and assistant assessors were made after examination required by law and careful consideration. The Board of Equalization did not examine into the value of any property assessed, but adopted the arbitrary rule that the suggestion of value made by each taxpayer to the assistant assessor should be adopted as the assessment in his case. The county assessor differed with the assistant assessor as to the proper assessment of the East Lake Lumber Company and the Dare Lumber Company. The Board of Equalization reduced the assessment of the East Lake Lumber Company to $99,649.00 and the Dare Lumber Company to $34,000.00, and this order of the County Board of Equalization was not made upon any investigation of the value of the respective properties, but because the average increase of all other property in the county as 19.77 per cent over the assesment of all other property in the county for the year 1910, and the order of the Board of Equalization was that the property of the aforesaid companies should be assessed at this percentage of increase over the value which was suggested by the agent of the East Lake Lumber Company and the Dare Lumber Company for this assessment for the year 1911. The evidence of value given by the agent of the East Lake Lumber Company and the Dare Lumber Company satisfied the Commission that the assessments made by the County Assessor are under, rather than over the true value of the property.

The property of John E. Rayburn does not appear to be assessed at more than its value and the property of the other clubs appears to have been carefully considered by the Board of Equalization.

It is, therefore, ordered, that the tax lists be changed and corrected as follows:

1. That the assessment made by the joint action of the county assessor and assistant assessors shall be established.

2. That the assessment of the property of the East Lake Lumber Company at $154,183.00 by the county assessor be established, and that the assessment of the property of the Dare Lumber Company at $35,000.00 by the county assessor be established.

3. That the assessment made by the County Board of Equalization of the property of John E. Rayburn be confirmed, and to the end that these corrections be made,

It is ordered, That the County Board of Equalization of Dare County be reconvened on the .. day of ....., 1911, in the court-house at Manteo and the tax lists corrected in accordance herewith and the taxes computed by the Register of Deeds upon the tax lists so corrected and changed.

FRANKLIN McNEILL,
Chairman.

August 30, 1911.

IN RE ASSESSMENT OF PROPERTY OF FRANKLIN PARK IMPROVEMENT COMPANY.

LEE, Commissioner:

Pursuant to notice this case was heard at Brevard on August 22, 1911.

Present: Welch Galloway, Esq., attorney at law, representing petitioner; R. L. Gash, Esq., county attorney, representing County Board of Equalization; Mr. G. A. Smith, agent Franklin Park Improvement Company; Messrs. J. L. Bell, county assessor, and W. L. Aiken, assistant assessor for Brevard Township.

A typewritten copy of the evidence is on file in this office.

In this case it is complained that the Franklin Park Hotel and nine and three-quarters acres of land, on which the hotel is situated, and the personal property of the company is assessed for taxation at $21,700.00, which is in excess of its true value.

The facts brought out at the hearing are as follows:

About two years ago the Franklin Park Improvement Company bought the Franklin Hotel and about seventy-two acres of land from the Franklin Improvement Company, on which the Franklin Hotel is situated. Since that time the Company has subdivided the property into parcels and lots, a part of which has been sold by the Company. A statement furnished by C. H. Robertson, President of the Franklin Park Improvement Company, shows that the Company still owns the hotel and nine and three-quarters acres adjoining the hotel; one house and lot, known as Langford Cottage, containing one and one-fourth acres; eight or nine acres of bottom land, suitable only for farming purposes; twenty-one lots and about six acres covered by an artificial lake.

In making the assesment the tax assessors considered the value of the property as a whole and placed the value on the abstract at $23,100.00. The personal property was placed on the abstract at $1,700.00, the value placed on it by Mr. Robertson, President of the Company. In arriving at the value of the property the assessors made an inventory of it, placing an estimate on each and every lot and parcel from the itemized statement furnished by the officer of the Company, but placing all of the property on the abstract in one item.

The Commission does not find from the evidence that the amount placed by the assessors is in excess of the true value of the property.

Complaint dismissed.

August 30, 1911.

IN RE ASSESSMENT OF LANDS OF J. P. SPRINKLE & SON, WALTER H. MARTIN, AND J. J. KIGER.

This is an application to reduce the assessment and valuation for taxation of lands of J. P. Sprinkle & Son, Walter H. Martin, and J. J. Kiger, situate in Little Yadkin Township, Yadkin County.

The petition was heard on the 17th of October, 1911, after due notice to petitioners, Board of County Commissioners, County Assessor and Assistant Assessor for Little Yadkin Township. Affidavits and oral testimony were introduced. Typewritten copy of the oral testimony was made and is filed with the record in this case.

The following facts appear:

1. As to the land of J. P. Sprinkle & Son, present owners bought this land, consisting of 1,010 acres, about six years ago for $11,000.00. Their grantor had bought it a few years before that for $8,000.00. It was listed for taxation last year at $8,200.00. Present owners have improved the dwelling house by adding an upper story, making it a two story house, and by clearing some land. The witnesses for petitioners did not agree in their opinion as to the value of this land. The highest estimate by any one of them was $12,500.00. The assistant assessor testified that, in his opinion, it ought to be assessed at $5.00 per acre less than the land of N. Glenn Williams, which is near it and which is assessed at $20.00 per acre. Petitioners did not make application to the Board of Equalization for relief for the reason, as they allege, that they did not know the price at which it was assessed.

2. As to the lands of Walter H. Martin, these consist of four lots or tracts, fifty acres in one, 190 in another, sixty-eight in another and 225 in another, making 533 acres in all. The total assessment was $11,300. Fifty acres is assessed at $1,000. It was assessed last year for $875. Sixty-eight acres is assessed at $1,500; it was assesed at the same figure last year, and this was the purchase price at the last sale. The 225 acre tract is assessed at $5,000, and was assessed last year at $3,000. The 190 acre tract is assessed at $3,800 and was assessed last year at $2,400. There are about 275 acres of this land in cultivation and about 200 acres in river bottom. The 190 acre tract was sold about eleven years ago to Mr. Sherman for $3,200. There is no evidence as to what the present owner paid for it. Walter H. Martin was present at the meeting of the Board of Equalization, but did not except to this assessment.

3. No evidence was offered as to the value of the Kiger land.

Upon consideration of the whole case, the Commission is of the opinion that the land of Sprinkle & Son is assessed at more than its true

value in money, and that this land should be assessed at fifteen thousand, one hundred and fifty ($15,150) dollars, and

It is ordered, that this assessment be reduced to fifteen thousand, one hundred and fifty ($15,150) dollars.

The Commission is further of the opinion that the evidence is not sufficient to show that the Walter H. Martin lands are assessed at more than their true value in money.

The Commission has not attempted to go into the question of equalizing the assessment of these lands with the assessments of all of the other lands in the county of Yadkin. The evidence is confined to a few tracts, and the Commission has no evidence upon which to make such an investigation; it is, therefore,

Ordered that the petition as to the Walter H. Martin lands and the land of J. J. Kiger be dismissed.

FRANKLIN McNEILL,
Chairman.

November 25, 1911.

IN THE MATTER OF ASSESSMENT OF LAND OF N. GLENN WILLIAMS.

This is an application to reduce the assessment and valuation of land consisting of about fourteen hundred (1,400) acres belonging to N. Glenn Williams, situate in Little Yadkin Township, Yadkin County.

Petition and answer were filed. The hearing was on 17th day of October, 1911, after due notice to the petitioner, the Board of County Commissioners, and the County Assessor for Yadkin County and the Assistant Assessor for Little Yadkin Township.

Petitioner appeared by Counsel L. M. Swink, Esq., and in person.

Affidavits were offered and also oral evidence, a typewritten copy of which was made and is on file with the record in this case.

Petitioner's land was assessed by the Assistant Assessor at thirty-five thousand ($35,000) dollars, and this valuation was concurred in by the County Assessor. Petitioner excepted to this assessment before the Board of Equalization. Upon hearing this exception the assessment was reduced to twenty-eight thousand ($28,000) dollars. Subsequently petition was filed in this case.

There was no evidence tending to show that the land was assessed at more than its true value in money.

On behalf of petitioner evidence was offered tending to show that his land was assessed higher than similar property in the township. This

was denied by the assessing officer and evidence tending to show the contrary was introduced. Evidence of assessments of only a small portion of the land in the township and county were offered.

Upon consideration of the whole case we do not find that petitioner's land was assessed at more than its true value in money. The evidence is not sufficient to warrant us in changing the assessment for the purpose of equalizing it with that of other property in the county. The only knowledge which we have of the assessments in Yadkin County is obtained from the evidence in this case and that evidence only refers to a few of the many tracts of land in the county.

It is, therefore, ordered that this petition be dismissed.

FRANKLIN McNEILL,
Chairman.

November 24, 1911.

IN RE ASSESSMENT OF PROPERTY OF T. E. HOLDING AND MRS. HATTIE B. POWERS, IN TOWN OF WAKE FOREST.

LEE, Commissioner:

Pursuant to notice to all parties interested this investigation was held at the office of the Commission in Raleigh on the 30th day of October, 1911.

J. W. Bailey, Esq., represented petitioner, T. E. Holding, and Messrs. N. Y. Gulley and J. W. Hinsdale represented Mrs. Hattie B. Powers.

The petitioners, T. E. Holding and Mrs. Hattie B. Powers, are the holders in common of two storehouses and lots in the town of Wake Forest.

The proprietors were both assessed by the Assistant Assessor for Wake Forest Township at two thousand ($2,000) dollars each. In his petition Holding contends that the brick storehouse and lot should have been assessed at four thousand ($4,000) dollars, and that the other one, a corner lot with a wooden building, should have been assessed at not more than fifteen hundred ($1,500) dollars.

Prior to the assessment of this property a commission of three disinterested men had been appointed to make a division of this property, and after making an investigation and viewing the property the said commission found that the two properties were about of equal value.

From the facts brought out at the hearing of this case the Commission is of the opinion that there is very little, if any, difference in the value of the two properties, and it appearing that this property was assessed about like other similar property in the town of Wake Forest, this petition is dismissed.

November 22, 1911.

IN THE MATTER OF ASSESSMENT OF PROPERTY OF THE SEABOARD AIR LINE RAILWAY, ATLANTIC COAST LINE RAILROAD COMPANY, AND SOUTHERN RAILWAY COMPANY.

TRAVIS, Commissioner:

In this matter the Seaboard Air Line Railway, the Atlantic Coast Line Railroad and Southern Railway filed exceptions to the assessment of their property for taxation, heretofore made by this board, and also filed petitions addressed to the board as a State Board of Equalization.

The petitions and exceptions are based upon the same ground and we have considered them together, and after careful consideration of the whole matter we feel it our duty to overrule the exceptions and dismiss the petition.

The standard for the assessment of property, as fixed by the Constitution and by the statute, under which this board acts, is the "true value in money" of property assessed. It is not contended, either in the petitions or the arguments that the property of the petitioners is assessed at more than its true value in money. On the contrary, it seems to be conceded that there is no ground for such contention. The sole ground of the exceptions and the petitions, and the only one pressed in the argument, is that other property in the State, particularly lands, have been assessed by the Boards of County Assessors of the several counties below their real value. Because of this alleged fact the petitioners ask this board to reduce its proper assessment of railroad property to such an amount as will put it on an equal basis with these improper assessments of lands. In order to establish the fact that lands in the various counties are much under-valued the petitioners introduced many unsworn statements, and some affidavits, from citizens of different counties, expressing, in a very general and indefinite way, their opinion of the percentage of its actual value at which lands were assessed in the different counties. Like all matters of mere opinion these statements vary greatly. In one county in particular one citizen states that in his opinion property is assessed at twenty-five per cent of its real value; another that property is assessed at fifty per cent of its real value, and still another that it is assessed at seventy-five per cent of it real value. It is not disclosed that any of these parties made any particular inspection of property or examined into the assessments in order to qualify themselves to give well-considered opinions in respect to the relation of assessments to the real value. But aside from all this we feel that it is unnecessary for us to determine to what extent evidence of this character should be effective in

discrediting the assessments made by sworn officers, who actually viewed each piece of property assessed, and the Boards of Equalization in these counties, all of whom were selected with reference to their fitness for this particular duty. Even if it were proved that the assessment of property in certain counties of the State was made below its actual value in money, we are of the opinion that the contention of petitioners that its property should be reduced accordingly can not be sustained.

The petitioners invoke the statute (section 3, Machinery Act), which imposes upon us the duty of making all assessments of property relatively just and uniform, and insists that the way to secure this is by a reduction of the assessment of its property, rather than by raising the assessments which are made below the standard fixed by law. It is true that the statute referred to and the Constitution impose on us the duty to make the assessment of all property uniform as near as it is practicable to do, but the statute and the Constitution do not stop there. They go further and say how this equality shall be secured, namely: by assessing all property at its true value in money. It, therefore, seems clear to us that it is our duty both under the statute, from which we derive our authority, and the Constitution, which we are sworn to support, that in the performance of our duty as a Board of Equalization, we must raise the property assessed below the legal standard towards that standard, and that we could not be justified in reducing property assessed according to the lawful standard to a lower basis. If local assessments are wrong we can not correct that wrong by the commission of another like it; we can not move from the right standard towards the wrong. If this board should abandon the standard of assessments adopted by it in accordance with law and adopt the standards of the local boards, it would be a practical surrender of our authority as a State Board of Equalization to the local boards. This board has been constituted the head of the taxing system of the State under a law designed ultimately to bring the assessment of property throughout the State up to its true value in money. We have been given power as a State Board of Equalization, which will enable us, if we perform our duty faithfully, to accomplish the purpose and policy of this law in time. We should set a right example, and lead the local boards towards the right and lawful standard, and not follow them towards a wrong one.

The Seaboard Air Line Railway lays particular stress upon the fact that the increase in its assessment amounts to nearly fifty per cent. This sounds large without explanation, but this advance is approximately fifty per cent upon the assessment of eight years ago. When the last assessment was made four years ago the Seaboard Air Line Railway was in a

precarious condition and soon thereafter went into the hands of receivers, and its assessment was not raised at all four years ago, while the assessment of all other property and other railroads was raised, so that the fifty per cent increase in its assessment represents an increase in eight years instead of four. Upon examination we find that the assessment of farm lands in the State is more than fifty per cent greater than it was eight years ago. In some of the counties in the State there was an advance in the assessment made this year of more than fifty per cent. One of the counties increased its assessment sixty-eight per cent. The increase in the assessment of this railroad is fully justified in our estimation by its improved condition, and particularly by the enormous increase in its net earnings, not only during the year 1910, but for several years past. These net earnings have steadily increased through the last three years, and to be sure that our assessment should not be based upon erratic earnings of one year, we tested the same by taking the average earnings for the past three years. We feel confident that our assessment of this property is fully sustained by the general condition of this company and particularly by its net earnings, whether the measure be the earnings of 1910 or by the earnings of 1909 or by the average earnings for the past three years. The net earnings of this company apportioned to North Carolina taken in either of the three ways above mentioned would pay a percentage of profit on its assessment that would be more than satisfactory to any railroad system. While this board in making the assessment of railroad property has followed the standard fixed by law, it has been careful to keep well within the same, and we feel confident that the assessments we have made are below, rather than strictly up to their true value in money.

There was no contention on the part of the Seaboard Air Line Railway, or any other railroad, that there was any inequality of assessment as between the several railroads of the State, and it seems to be conceded that as between them, and as to all other property of that class, the assessments are fair and uniform; it is, therefore,

Ordered that the exceptions filed by the said Seaboard Air Line Railway, Atlantic Coast Line and Southern Railway be, and they are hereby overruled, and that their petitions filed be denied.

September 13, 1911.

STATE OF NORTH CAROLINA ON RELATION OF THE CORPORATION COMMISSION *against* WINSTON-SALEM LIGHT AND FUEL COMPANY.

This case coming on to be heard upon exceptions to assessment of defendant's property made by the Corporation Commission under sections 54, 55, and 56 of Machinery Act of 1911, the following facts are found:

It appears from return made to the Corporation Commission by auditor of defendant that fifteen hundred (1,500) shares of capital stock of the par value of one hundred ($100) dollars were issued and are now outstanding; that the auditor was unable to state the market value of said shares of stock, as no market value had been established, and that the actual value thereof was unknown; that a trust deed or mortgage had been issued and executed on all the property of defendant securing two hundred thousand ($200,000) dollars of bonds, but only one hundred and twenty-seven thousand ($127,000) dollars were issued and outstanding, and that the value of said bonds on the 1st day of May, 1911, was one hundred and twenty-seven thousand ($127,000) dollars.

That the gross earnings of defendant for the year ending March 31, 1911, were $38,731.61, and operating expenses $22,593.64, leaving a net income from operations of $16,137.97; that the gross earnings of defendant for the year ending March 31, 1910, were $32,804.94, and the operating expenses for the same period $22,439.31, leaving a net income from operations of $10,365.63.

That the lot on East Fourth Street in Winston, with two buildings and gas tanks, were assessed locally for $26,100; that there are fourteen miles of gas mains.

Defendant's property was assessed by the Corporation Commission at seventy-five thousand ($75,000) dollars.

Defendant excepted to this assessment and filed several affidavits and insisted that the assessment should not have exceeded $26,100, which was the local assessment. The Corporation Commission was of the opinion that property which earned $16,137.97 for the year ending March 31, 1911, was reasonably worth $75,000, especially when it appeared that this same property earned for the year ending March 31, 1910, $10,365.63.

Defendant's first exception is, therefore, overruled.

In making the assessment and passing upon exceptions the Corporation Commission considered all evidence and argument introduced, to wit: that there was depreciation in the plant of $5,000; that only

$113,000 bonds had been issued and that the interest thereon at five per cent, or $5,560, should have been included in operating expenses by the auditor, and that defendant has a floating debt of $17,000. Notwithstanding all of this, the Corporation Commission is of the opinion that defendant's plant is worth $75,000.

Exception No. 2 is, therefore, overruled.

Exception No. 3 is overruled. The statute, section 56, is as follows:

"* * * *Provided, however*, that in case the whole or any portion of the property of such association, company, copartnership or corporation shall be encumbered by mortgage or mortgages, such board shall ascertain the true cash value of such property by adding to the market value of the aggregate shares of stock of the value of the capital. In case there should be no such shares, the aggregate amounts of such mortgage or mortgages and the result shall be deemed and treated as the true cash value of the property of such association, company, copartnership or corporation."

The Corporation Commission was of the opinion that the one hundred and twenty-seven thousand dollars or the one hundred and thirteen thousand dollars of bonds were well worth $75,000.

Exceptions No. 4, 5, and 6 are overruled. The Corporation Commission is of the opinion that the best evidence of the value of property is what it earns. Defendant had earnings from operation of $16,137.97 for the year ending March 31, 1911, and the Commission is of the opinion that it was justified in making an assessment of seventy-five thousand ($75,000) dollars.

FRANKLIN McNEILL,
Chairman.
